

CONCOURS OAI GÎTES MISELERLAND

CALL FOR PROPOSALS FOR SITES OR BUILDINGS TO BE CONVERTED

Following the huge success of the OAI/Prosud “Gîtes Minett Trail” competition and the positive experience of the OAI/Ministry of Tourism “Glamping Cabins” competition, a new architecture competition is being organised in the Miselerland under the auspices of the OAI in close collaboration with LEADER Miselerland and the Luxembourg Moselle Regional Tourist Office; and in partnership with the Ministry of the Economy, the Ministry of Agriculture, Food and Viticulture, and Duerfentwécklung in the Mëllerdall and Miselerland regions.

The main objective is to enhance the region’s appeal to tourists and highlight its architectural heritage by building new accommodation such as holiday cottages or by converting existing buildings to promote wine tourism.

Indeed, target groups are increasingly seeking high-quality and unusual/unconventional/quirky accommodation experiences.

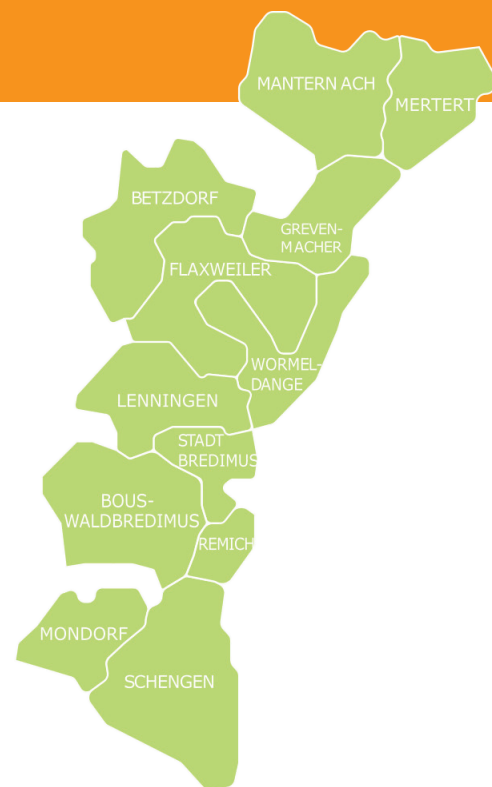

The Tourism and Leisure sector is a key element in the development of Luxembourg’s rural regions, not only economically but also in terms of the local population’s quality of life.

This call for applications (stage 1) is being launched to identify plots of land and existing buildings to bring this idea to fruition.

It is aimed at the 12 municipalities within the LEADER Miselerland group, active winegrowers and farmers, Horesca members (restaurateurs, hoteliers, etc.), individuals (particularly investors), legal entities (e.g. tourist information offices, non-profit organisations) and other parties (land or building owners) who are based in the twelve municipalities concerned. Each participant is asked to submit a **maximum of three proposals** (plot of land and/or existing building).

Once the land and buildings have been selected, the architectural competition (stage 2) will be launched in September 2026.
